

## INSTRUCTIONS FOR AUTHORS

The *Journal of College and University Law* is a publication of the National Association of College and University Attorneys (NACUA). It is a refereed, professional journal specializing in contemporary legal issues and developments important to postsecondary education.

The Journal publishes articles, commentaries (scholarly editorials), and book reviews. Experts in the law of higher education review all manuscripts.

Manuscripts should be submitted electronically via a Microsoft Word document. Footnotes should reflect the format specified in the nineteenth edition of A Uniform System of Citation (the "Bluebook"). Full instructions for authors are available on the JCUL website ([Nacua.org/JCUL](http://Nacua.org/JCUL)).

- A paragraph on the title page should provide the position, the educational background, the address and telephone number of the author.
- Each author is expected to disclose in an endnote any affiliation or position—past, present, or prospective—that could be perceived to influence the author's views on matters discussed in the manuscript. This should be included in the author footnote (asterisk not numeral footnote) on the title page
- Authors must include a short (3-4 sentence) abstract for their manuscript on the first page of the document.
- The second page should include a table of contents with each section heading in the article. This is especially important for manuscripts over 35 pages. The MSWord template linked above has instructions about how to create an automatically generated table of contents from your manuscript's section headings.
- Please use section headings throughout articles and notes and any other submission longer than 5 pages.
- Please do not include any information for the editors in the manuscript document, instead send any additional information for the editors in an email to [jcul@nacua.org](mailto:jcul@nacua.org).

Decisions on publication usually are made within within six to ten weeks of a manuscript's receipt; however, as a peer-reviewed journal, outside reviewers advise the Faculty Editors before they make the final publication decision and this can prolong the process. Outside reviewers advise the Faculty Editors who make the final publication decision. The *Journal* submits editorial changes to the author for approval before publication. The Faculty Editors reserve the right of final decision concerning all manuscript revisions. When an article is approved for publication, the *Journal* requires a signed License Agreement from its author(s), pursuant to which NACUA must be granted the first right to publish the manuscript in any form, format or medium. The copyright to the article remains with the author, while NACUA retains all rights in each issue of the Journal as a compilation.
